Introduction

On 17 November 2018, 40 students with 4 Faculty went for a visit to Manish market with aim to visit the variety new and old electronics items. We started journey from Akole at 5.00 AM, we reached there at 11.00 AM. We planned to visit the market, our focus was electrical shops, Mobile Accessories, Food and Fruit Market to find out the comparison between local market and Mumbai Market.

The visit was conducted under the supervision of Mr. Gopal Boob (MBA, HOD) and other Faculty members.

Objective

The visit was arranged to introduce students to the electrical traders. The market has a lot of shops selling electronic items and also services. The main and popular shops are those selling mobile phones, Mobile accessories. Other shops focus on dealing with computer peripherals and camera accessories. Also there are big Markets of Cloths, Fish, Food and Fruit etc.

To know what materials are available with varied price range. To gain experience to identify the variety of cloth compositions.

Field observation

We were guided by host who explained in details about the cloth. We wrote down some notes and interview with the cloth seller. The question answer session between students and seller. There were many things to watch and buy. We tried to get contact number of cloth seller, Electrical shopkeeper for future visit.

Conclusion

Our visit ended about 5.15 PM. We can conclude that the trip was successful and we believed that our objective was achieved. We learnt something new and beneficial for us. It was a well recommend trip especially for MBA students. There are many places in Mumbai to buy wholesale electronics. It is not difficult to find them, and they all offer great deals on new and used items. Our Students and faculty members brought the Mobile Accessories, Cloths and enjoyed the food there. Overall, it was enlightening and informative activity and students gained the practical exposure.
